

INVITATION
Swedish Brain Power Symposium
Translational research;
from molecule to man

THURSDAY, NOVEMBER 6, 09:30 – 16:00
NOBEL FORUM

09:00 - 09:30	Coffee	
09:30 - 09:45	OPENING	<i>Bengt Winblad, Hans Forsberg, Håkan Eriksson</i>
09:45 - 10:05	The Swedish Brain Power Programme	<i>Bengt Winblad</i>
10:05 - 10:25	Risk factors for dementing disorders	<i>Laura Fratiglioni</i>
10:25 - 10:45	Pre-clinical detection of dementia	<i>Boo Johansson</i>
10:45 - 11:05	PET studies in early-onset familial Alzheimer disease (AD)	<i>Agneta Nordberg</i>
11:10 - 11:30	The Swedish Brain Power CSF initiative	<i>Kaj Blennow</i>
11:30 - 11:45	Nerve Growth Factor (NGF) therapy in AD patients	<i>Maria Eriksdotter-Jönhagen</i>
11:45 - 12:15	The German Dementia Network	<i>Konrad Beyreuther</i>
12:15 - 13:00	Buffet Lunch	
13:00 - 13:30	The French Dementia Network	<i>Sandrine Lemery</i>
13:30 - 14:00	Nogo receptor and memory formation, implication for AD	<i>Lars Olson</i>
14:00 - 14:20	Oxysterols and neurodegeneration	<i>Ingemar Björkhem</i>
14:20 - 14:40	Genetic studies of Amyotrophic Lateral Sclerosis (ALS)	<i>Peter M Andersen</i>
14:40 - 15:00	Use of everyday technology in people with cognitive impairment	<i>Louise Nygård</i>
15:00 - 15:20	Coffee	
15:20 - 15:50	Genetics of Alzheimer disease	<i>Alison Goate</i>
15:50 - 16:00	CLOSING	<i>Bengt Winblad</i>
